**2. Acceptance, Integration, Amendment and Interpretation**

- (a) Seller shall strictly perform this Contract. Any performance, whatsoever, by Seller of any portion of this Contract, without regard to its value, shall constitute complete acceptance of all of such Contract, including without limitation, these Terms and Conditions. Seller agrees that a signed acknowledgement of these Terms and Conditions is not a condition precedent to the full enforceability of this Contract, including these Terms and Conditions, by NASSCO-Norfolk against Seller.
- (b) Any terms proposed in the acceptance of this Contract which, add to, vary from, or conflict with the Terms and Conditions of this Contract are hereby objected to and shall be void.
- (c) This Contract constitutes the entire agreement between the parties and supersedes all previous communications, representations or agreements, whether oral or written, between the parties. No terms other than those set forth herein or in the Contract shall apply. Seller represents that, in entering this Contract, it does not rely on any previous oral or implied representation, inducement, or understanding of any kind. This Contract shall not be varied, supplemented, qualified or interpreted by any prior course of dealing, usage of trade or course of performance between the parties and shall be interpreted without regard to which party is deemed to have drafted this Contract.
- (d) This Contract may be amended or modified only by a written instrument executed by each party’s authorized representatives.
- (e) This Contract shall be governed by and interpreted under the laws of the Commonwealth of Virginia, excluding Virginia’s conflict or choice of law rules. The rights and remedies reserved to Buyer in this Contract are cumulative with, and in addition to, all other or further rights and remedies provided in law or equity.
- (f) If any one or more of the provisions of this Contract is found to be invalid, the remaining provisions shall not be affected, and this Contract shall be interpreted as if not containing such provisions. Seller may not assign this Contract, in whole or in part, voluntarily or by operation of law, without Buyer’s prior written consent. Buyer may, without Seller’s consent, assign this Contract in whole or in part to any third party, including without limitation, the Owner, or the Government or to any other contractor acting under the terms of the Prime Contract.

**4. Buyer’s Medical Treatment, if Seller operates within the Facilities**

**General Dynamics NASSCO-Norfolk  
MILITARY SHIP REPAIR PROGRAMS  
GENERAL TERMS AND CONDITIONS**

**July 15, 2016**

Buyer shall have no obligation to furnish medical treatment to Seller's employees working in the Facilities. In the event Buyer's Safety Department does furnish medical treatment to Seller's employees, subcontractors or suppliers, Seller shall defend, indemnify and hold Buyer harmless as set forth in the Indemnity Section.

**5. Changes and Requests for Equitable Adjustment Submissions**

- (a) This Section covers all forms of changes to the Contract. This includes all agreed upon change orders as well as REAs. Nothing in this Section shall excuse Seller from proceeding with diligent performance of this Contract as changed.
  - (i) **Contract Changes.** Subject to the **Acceptance, Integration, Amendment and Interpretation Section** only an authorized Procurement Representative or Buyer may, by unilateral written order, make changes to the Contract Work. If any such change causes an increase or decrease in the cost of, or the time required for, performance of this Contract, Buyer shall make an equitable adjustment in the Contract Price, the performance or delivery schedule, or both, and shall so modify this Contract, provided that, Seller timely and promptly submits pertinent information and Seller obtains prior written authorization from Buyer.
    - A. Buyer's, the Government's or the Owner's engineering and technical personnel may from time to time render assistance or give technical advice or discuss or exchange information with Seller's personnel concerning the Contract Work. Such actions, however, shall not be deemed to be a change under this Changes Section and shall not be the basis for any REA.
    - B. Promptly, but in any event no later than three (3) business days from the date of receipt of any request to change the terms, including schedule or price, of the Contract, Seller shall submit to Buyer a detailed written estimate of the impact of the change on the Contract Price, the performance or delivery schedule, and the performance capabilities of any Contract products. Failure of Seller to submit adequate documentation may result in denial of Seller's request.
      - 1. If the parties reach agreement as to such request, then Buyer will issue a change order in the form of an additional or amended Purchase Order, adding or deleting elements of either the price or the time to complete the Contract Work.
      - 2. If the parties do not reach agreement after submission of Buyer's written estimate, or an accord and satisfaction, then Seller shall submit a written request for equitable adjustment.
  - (ii) **Requests for Equitable Adjustments (REA).** All REAs submitted by Seller to Buyer should include, but are not limited to, the following information: a written rationale fully stating why Seller is entitled to a price and/or time adjustment, adequate supporting documentation (e.g., specific and clear time records for laborers as to what they were doing, when, for what duration, and at what price, any underlying contracts for additional or different materials, delivery charges, etc.) and any other documents reasonably requested by Buyer.
    - A. Seller must assert, in writing, its right to an equitable adjustment under this clause within thirty (30) days from completion of Seller's applicable work.
    - B. HOWEVER, IN ALL EVENTS, SELLER'S REA SHALL EITHER BE RESOLVED BY THE PARTIES WITHIN SIX (6) MONTHS FROM THE DATE OF ITS SUBMISSION TO NASSCO-NORFOLK, OR IT SHALL BE THE SUBJECT OF ARBITRATION AS SET FORTH IN THE DISPUTES SECTION. IF THE PARTIES HAVE NOT RESOLVED THE REA, NOR FILED A DEMAND TO ARBITRATE THE REA WITHIN SIX (6) MONTHS FROM SELLER'S SUBMISSION OF THE REA TO NASSCO-NORFOLK, THE REA IS TIME BARRED, AND FOREVER RELEASED OR WAIVED. THIS IS A CONTRACTUAL STATUTE OF LIMITATIONS FOR THE PARTIES.
    - C. SELLER AGREES IT SHALL NOT FILE AN REA AFTER NASSCO-NORFOLK HAS ISSUED A LETTER INDICATING THAT THE CONTRACT BETWEEN SELLER AND NASSCO-NORFOLK IS CLOSED, FINISHED, COMPLETED, TERMINATED AND/OR HAS EXPIRED.
- (b) Nothing in this Section shall excuse Seller from proceeding with diligent performance of this Contract as changed. Further, nothing in this Section is intended to conflict for the Lien release laws applicable to this Contract, or the Contract Work.
- (c) Failure by Buyer and Seller to agree to any REA under this Section shall be resolved in accordance with Section 15, "Disputes" of these Terms and Conditions. Seller shall certify any REA for Contract Work in support of a Government Prime Contract was made in accordance with the provisions of the Contract Disputes Act of 1978, 41 U.S.C. § 601 *et seq.* Further, Seller shall indemnify and hold harmless Buyer for any claim or legal action resulting from Buyer's submittal of Seller's REA to the Government.

**6. Clean-up of Work Site, if Seller operates within the Facilities**

During the performance of this Contract, Seller shall ensure their designated work area is free of debris, garbage or other waste material at the end of every shift. Upon completion of the Contract Work or earlier termination of the Contract Work, Seller shall remove all of Seller's tools and equipment from the Facilities. Seller shall also dispose of all debris, garbage, or other waste material, including excess materials, scrap and equipment used or generated by Seller, its subcontractors or suppliers in performance of this Contract, in the appropriate receptacles at the Facilities, or as otherwise specified in the Contract. Seller shall be liable for and shall pay to Buyer, upon demand, all costs of removal or disposal of Seller's tools and equipment, debris, garbage, waste materials, excess materials, scrap and equipment used or generated in performance of this Contract not so removed.

**7. Compliance with Conflict Mineral Requirements**

- (a) Seller certifies that, regardless of whether Seller is publicly traded or not, Seller will notify Buyer in writing if Seller provides any Contract Work containing or using Conflict Minerals from Covered Countries, as those terms are defined by and consistent with the

Securities and Exchange Commission's final rule on Conflict Minerals, 17 CFR Parts 240 and 249(b), promulgated pursuant to Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("the Rule"). This written notification shall comply with all SEC Conflict Minerals disclosure requirements defined in the aforementioned Rule.

- (b) Seller certifies and warrants that Contract Work that has been or will be delivered to Buyer by Seller under the Contract since January 31, 2013, shall comply with all parts of the Rule.
- (c) Seller agrees that, if required by the Rule, it has made, and will continue to make, good faith inquiries reasonably designed to determine whether any Conflict Mineral that is included in any product delivered to Buyer pursuant to the Contract originated in the DRC or an Adjoining Country, or is from Recycled or Scrap Sources, as defined in the Rule. Seller further agrees that, if required by the Rule, it has performed, and will continue to perform, due diligence on the source and chain of custody of any Conflict Mineral that is included in any product delivered to Buyer for the Contract, and that such due diligence conforms to a nationally or internationally recognized due diligence framework, if such a framework is available for the Conflict Mineral. Seller agrees that all inquiries and diligence performed shall be consistent with the requirements of the Rule.
- (d) Seller agrees that it shall require its own subcontractors and Seller (at any tier in the supply chain for a product delivered to Buyer under the Contract) to furnish information to Seller necessary to support Seller's obligations under this Clause.
- (e) Seller will maintain records reviewable by Buyer to support its certifications above.
- (f) Seller acknowledges that Buyer may utilize and disclose Conflict Minerals information provided by Seller in order to satisfy its disclosure obligations under the Rule.
- (g) If Buyer determines that any certification made by Seller under this Clause is inaccurate or incomplete in any respect, then Buyer may terminate the Contract pursuant to the provision of the Contract named "Default; Termination for Cause."

**8. Compliance with Ethics**

Seller shall comply with the General Dynamics *Standards of Business Ethics and Conduct*, which can be found at <http://www.nassconorfolk.com/manuals/GeneralDynamicsBlueBook.pdf>, and the rules and regulations referenced therein, including but not limited to the U. S. Foreign Corrupt Practices Act. In this respect, Seller has an ethical obligation and legal responsibility to warn NASSCO-Norfolk of any illegal conduct, or acts of impropriety which Seller discovers, or reasonably should have discovered, in the course of performing this Contract Work. Seller shall defend, indemnify and hold NASSCO-Norfolk harmless from any and all claims and liabilities resulting from any failure to so comply.

**9. Compliance with Law**

Seller shall fully comply with all applicable laws, rules, regulations, codes, orders, conventions, ordinances and standards of the country(ies) of origin and destination or that relate to the manufacture, labeling, transportation, exportation, licensing, approval or certification of the Contract Work, including, but not limited to, those relating to environmental matters, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health and safety and motor vehicle safety and with all rules, regulations and requirements of the classification society selected by Buyer and the Government or the Owner to review and approve the Specifications and construction. **Seller and its Suppliers shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). This regulation prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified individuals with disabilities and qualified protected veterans.** Seller shall defend, indemnify and hold Buyer harmless from any and all claims and liabilities resulting from any failure to so comply as set forth in the Indemnity Section.

**10. Computation of Time**

Unless the context requires otherwise, time shall be computed by including Saturdays, Sundays and U.S. holidays, except that if such period terminates on a Saturday, Sunday or U.S. holiday, it shall be deemed extended to the next U.S. business day.

**11. Confidentiality and Third Party Intellectual Property Rights**

- (a) Information furnished by Buyer and identified by Buyer as "NASSCO-Norfolk Proprietary/Trade Secret Information" or otherwise identified as proprietary or subject to restricted access or dissemination shall, as between Seller and Buyer, be and remain Buyer's intellectual property, and shall not be duplicated, used or disclosed except for the purpose and to the extent necessary for the performance of this Contract. Upon completion of this Contract, such information shall be delivered to Buyer or destroyed by Seller as Buyer specifies (including all copies). Seller shall use its best efforts to maintain the confidentiality of this information. Seller may disclose such information to only those third parties who have a need to know such information for performance of this Contract, and provided such third parties are informed of the confidential nature of the same and have agreed in writing to protect such information consistent with Seller's obligations hereunder. These obligations are not imposed upon Seller if: such information is already known to Seller, is lawfully obtained by Seller from another source, or becomes a part of the public domain otherwise than as a result of breach of this Section.
- (b) Seller further represents that it has read and understood the Specifications, and that based on its past experience and superior knowledge, Seller warrants to Buyer and its successors in interest that the manufacture, sale or use of the Contract Products or Contract Work, whether manufactured in accordance with the Specification or otherwise, does not and will not infringe or interfere with any intellectual property rights(s) of any third party, including, without limitation, patent, trademark, copyright, trade secret, industrial design or other proprietary rights. Seller shall defend, indemnify and hold Buyer harmless for any alleged claim of infringement of any third party intellectual property right as set forth in the Indemnity Section.

**General Dynamics NASSCO-Norfolk  
MILITARY SHIP REPAIR PROGRAMS  
GENERAL TERMS AND CONDITIONS**

**July 15, 2016**

In addition:

- (a) Seller shall use only those portions of the Specifications as are required to perform the Contract Work. Seller shall not disclose the Specifications, in whole or in part, except as expressly allowed in writing by Buyer and only for performing Contract Work. The Specifications shall be disclosed to Seller only as reasonably required for such purposes as are necessary in order to carry out the terms of the Contract Work that Buyer has agreed to perform for the Owner. Seller shall not disclose any portions of the Specifications in such a complete form as would enable third parties to construct, or have constructed, a vessel of the same design as the Vessels without: (i) expressly prohibiting the further disclosure thereof; and (ii) expressly prohibiting the use thereof for the purpose of constructing, or having constructed, a vessel of the same design as the Vessels. For purposes of this paragraph, "third parties" shall not include the ABS, US Coast Guard, and any other U.S. Regulatory Body or agency. At NASSCO-Norfolk's sole discretion, it may require Seller to execute a Non-Disclosure Agreement with additional and/or more stringent requirements.
- (b) Any design or engineering data, in whatever form, relating to the Vessels that is produced by Seller under this Contract shall be the sole intellectual property of Buyer, unless otherwise agreed. In this regard, Seller agrees to assign, and does hereby assign, all right title and interest in and to all such design or engineering data produced under this Contract, including without limitation all intellectual property right in such design or engineering data. Seller grants to Buyer a limited license to all pre-existing intellectual property contained in any deliverables provided to Buyer under this Contract, for Buyer's use on the Prime Contract with the Government. In accordance with DFARS 252.227-7013 (Rights in Technical Data – Noncommercial Items (Nov 1995)), DFARS 252.227-7014 (Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation (June 1995)) and DFARS 252.227-7015 (Technical Data – Commercial Items (Nov 1995)), Seller grants the Government and Buyer the rights delineated therein. These DFARS clauses are hereby incorporated into the Contract by this reference with the same full force and effect as if they were included as full text, except that "Contractor" shall mean "Seller."
- (c) Buyer's review of any designs submitted by Seller shall not relieve or in any way diminish Seller's obligations under this Contract. If Buyer identifies any non-conformance with Contract requirements in any Seller design, Seller, to the extent Seller agrees with such non-conformance, shall take the required corrective action and resubmit the affected design to Buyer. If the parties are unable to agree as to whether a design conforms to the Contract requirements, either party may treat the matter as a Dispute to be resolved as provided in the Disputes Section.
- (d) Seller shall comply with the regulatory requirements as administered by the Regulatory Bodies as set forth in the Specifications or Contract. If the Specifications specifically require work in excess of that required by a Regulatory Body, such specifically required work shall be performed by Seller, at its expense, as Contract Work required by this Contract. If the Specifications require work which is less than that required by a Regulatory Body, Seller shall perform, at its expense, the work required by the Regulatory Body as Contract Work required by this Contract.
- (e) Notwithstanding any obligations of confidentiality set forth in the Contract, including this Section, during construction of the Vessel, Seller understands and agrees that the ABS and any other Regulatory Body is authorized to discuss and disclose to NASSCO-Norfolk all submitted drawings, specifications, correspondence, and information of Seller.
- (f) Nothing in these Terms and Conditions shall be construed or interpreted to limit, or in any way restrict, the rights of the Government in regard to data it owns or has a right to use.

**12. Control Over Weekend and Holiday Performance**

Buyer reserves the right to declare by time written notice periods of "no weekend work" or "no holiday work" at the Facilities. Seller shall ensure that no Contract Work is performed in the Facilities, and that all of Seller's and Seller's suppliers' and subcontractors' employees are kept out of the Facilities on all affected weekends and holidays during such declared periods of "no weekend work" and "no holiday work". Seller shall not be responsible for any performance delays or claims for damages caused by such declared periods of "no weekend work" and "no holiday work".

**13. Default; Termination for Cause**

- (a) In advance of Seller's actual default, if in Buyer's opinion Seller is falling behind in its performance or is likely to breach the Contract, Buyer may request written adequate assurances from Seller that it remains able to perform the Contract. If Seller is unable or unwilling to provide appropriate assurances within a reasonable period of time, which in no event shall be less than three (3) business days, as requested, and then Buyer may proceed with termination for default immediately, provided however that such termination shall be without opportunity to cure.
- (b) With written notice to Seller, containing a reasonable time to cure, which in no event shall be less than three (3) business days, solely determined by Buyer, Buyer may terminate all or any part of this Contract: (i) if Seller fails to perform the Contract Work or deliver the Contract Products or Contract Work within the time specified by this Contract or any written extension; (ii) if Seller fails to perform any other material provision of this Contract; (iii) fails to make progress so as to endanger performance of this Contract; or (iv) Seller's right to conduct business is suspended, Seller becomes insolvent, or becomes subject to the appointment of a receiver or becomes subject to an assignment, reorganization or arrangement for the benefit of its creditors.
- (c) In the event Buyer terminates this Contract in whole or in part as provided above, Buyer may procure, goods or services similar to the Contract Work specified herein, and Seller shall be liable to Buyer for any excess costs for such similar procurement. If this Contract is terminated only in part, Seller shall continue the performance of this Contract to the extent not terminated.
- (d) If Buyer terminates all or any part of this Contract:
  - (i) Buyer may require Seller to transfer title and deliver to Buyer, as directed by Buyer, any (i) completed Contract Products or Contract Work, (ii) partially completed Contract Products or Contract Work, and (iii) Manufacturing Materials. Upon direction of Buyer, Seller shall also protect and preserve property in possession of Seller in which Buyer has an interest.

**General Dynamics NASSCO-Norfolk

**July 15, 2016**

- (ii) Buyer shall pay the price specified in this Contract for completed Contract Products or Contract Work. Buyer shall pay a proportionate share of the Contract Price for partially completed Contract Products or Contract Work. Payment for Manufacturing Materials accepted by Buyer and for the protection and preservation of property shall be at Seller's direct costs. Buyer may withhold from any amount due under this Contract any sum Buyer determines to be necessary to protect Buyer or the Government or the Owner against loss because of outstanding Liens or claims of former Lien holders.
- (iii) If, after termination of this Contract for default, it is determined that Seller was not in default, or that the default was excusable, such notice of default shall be deemed to have been issued pursuant to FAR 52.249-2 (Termination for Convenience of the Government (Fixed Price)) incorporated herein and the Setoffs/Backcharges Section and the rights and obligations of the parties hereto shall, in such event, be governed by said clause.
- (e) The rights and remedies of Buyer under this Default Section are in addition to any other rights and remedies provided by law or under this Contract.

Bulk type deliveries in open containers are excluded.

**15. Disputes**

- (a) Unless there are exigent circumstances and/or the imminent disclosure of information required to be protected pursuant to the Confidentiality Section of this Contract is evident, any Dispute between Buyer and Seller arising out of this Contract shall be resolved by means of the following procedure:
  - (i) The Dispute initially shall be referred to each party's senior management with responsibility for this Contract, who shall negotiate in good faith to reach a resolution of the Dispute.
  - (ii) If resolution of the Dispute is not achieved within thirty (30) days of the initial referral described immediately above, the parties shall submit to non-binding mediation. This shall be accomplished, prior to either party taking action pursuant to paragraph (b) hereof.
- (b) Any Dispute solely in connection with or arising out of this Contract not resolved in accordance with paragraph (a), above, shall be resolved by binding arbitration which may be initiated by either party in Norfolk, Virginia, and both parties consent to such exclusive jurisdiction and venue. The parties agree to negotiate in good faith to select three (3) arbitrators and agree on discovery rules. Each party shall select one (1) arbitrator and both parties shall agree on a third arbitrator. If the parties are unable to agree on a third arbitrator or discovery rules within thirty (30) days, then the arbitration shall be conducted in accordance with the American Arbitration Association's rules for commercial arbitrations utilizing one (1) arbitrator. In resolving any Dispute under this Contract, each party shall bear its own attorneys' fees and costs, without regard to any law or statute to the contrary.
